

# WONG Chor Kuen, Alfred

## Current Position:

Senior Environmental Protection Officer, EPD

## Professional Qualification:

- Professional Member, HKIQEP (2016 - present)
- Member, HKIOA (2003 - present)
- Member, HKIEIA (2010 - present)
- BEAM Pro (EB)(ND) (2026- present)

## Contributions to Professional Institutions

- Chairman, Hong Kong Institute of Environmental Protection Officers (HKIEPO) (2021 - present)
- Member, Noise Sub-Panel, HKIQEP (2019 – present)
- Member, Green Building Faculty (CEM aspect), Hong Kong Green Building Council (HKGBC) (2026 - present)

## Candidate Statement:

In my role as Chairman of the HKIEPO, a key priority has been supporting the development of HKIQEP. I have fostered closer ties between public sector professionals and HKIQEP, providing critical support during milestone moments, such as the passage of the HKIQEP Bill and EPD's recognition of HKIQEP professional qualifications.

My motivation to join the General Council stems from a desire to continuously develop our environmental professionalism. If given the opportunity, I look forward to partnering with fellow members to support our professionals in the following main areas:

- **Enriching Learning Frameworks:** Collaborating with stakeholders to expand HKIQEP's professional development beyond environmental protection, carbon neutrality, and biodiversity into sustainability, ESG, and green finance.
- **Advancing Recognition and Membership Status:** Assisting the Council in extending formal recognition for HKIQEP qualifications—such as empowering members to self-certify environmental assessment reports—while maintaining robust, trustworthy professional standards.
- **Supporting the institute's continued growth:** Working with the Council and fellow members to build strong support for environmental graduates and future professionals.
